France Bonbons Caramels / Maffren society presentation

France Bonbons Caramels and Maffren offers a large range of candies : sugar cooked sweets, lollipops, caramels, calissons, nougats and marzipan ; well-representative products of French Confectionery : one of the world's richest !

Products range change in time to adapt itself to consumers taste, keeping at the same time a know-how well implanted in tradition.

We offer thematic and seasonal collections year-round.

One of the biggest strength of these two societies is the ability to create custom-made products (minimum quantity to respect) with:

- specific recipe (candy filled with gingerbread)
- specific packaging (packaging for a special event)
- specific wrapping paper for candies (promotional sweets) thanks to its own printing works

You can find our products in:

- retailing (bakeries, pastry shops, candy shops, chocolate makers, grocery stores&hellip;)
- specialized shops : museums shops, garden center, souvenirs shops&hellip;)
- Coffee shops, Hotels, Restaurants
- Export
- Companies who want to give flavour to its communication (candies with logo)
